## Some parent feedback from last year

“We cannot thank you enough for all the love and attention you have given S over the last year. You have been fantastic with her and with us too! We are going to miss you.”

“A big Thank You for all your enthusiasm and hard work over the last year. Our children are very lucky to get to spend time with such dedicated, caring and fun people.”

“The year that both girls spend at the nursery has been happy and fulfilling and we watched them grow in knowledge and confidence.”

“Blackhall Nursery is a fun, caring environment for a pre-schooler. What more can you want for a 4-year old? X can't wait to get to Nursery every day.”

“We have found Blackhall Nursery to be a very positive and nurturing experience for our son.”

“We know that our girls, like us, will look back fondly at their time in Blackhall Nursery and the enchantment beyond the wooden fence in this corner of Ravelston Park...where they learned kindness and responsibility and were lovingly prepared for the next step in their education and the big world out there.”

“The staff at Nursery are fantastic, catering for the children's individual needs. C loves attending and I feel is ready for the transition to school. Well done and thank you.”
